Re: Heather Morren

Ladies and Gentlemen;

It is my complete pleasure to write this reference letter for Heather Morren. Miss Morren is just completing her second year at E. E. Oliver School as a grade two teacher. She has been observed and evaluated regularly during that time. She has passed all of her formal and informal evaluations and observations with flying colours!

Miss Morren is a natural teacher. She is very organized, well prepared and has a calm about her that permeates her class. She deals with student distraction quietly and for the most part, only the students concerned are aware. Heather is always prepared for her lessons and the necessary manipulatives are always in place. She is generous with praising and encouraging her students

Heather is an active member of the staff and gives freely of her time during and after school. She is always ready to help out where needed and volunteers her time. and she can and works well in a team setting.

I have no hesitation what so ever in recommending Heather for any position she may apply for. She will be a major asset to any staff that she joins. I wish Heather all the best in her professional life and I congratulate the administrator who has the good sense to hire her.

Yours truly

Gell Mackey
