Re: Heather Morren

To Whom It May Concern,

It is with great sadness, for I hate to see her leave, that I write this letter of recommendation for Ms. Heather Morren. I have had the absolute pleasure of observing and working with Ms. Morren over the course of the 2012-2013 school year.

In my capacity as Vice Principal, I have observed her in the classroom and had the opportunity to preview her plans for the year. Heather is a highly organized and well-planned teacher. She is careful to align her plans with Program of Studies outcomes, and is also flexible enough to respond quickly and proactively when a student needs extra time or activities in a specific curricular area. Her students are engaged in meaningful lessons and units that cater to individual needs and strengths.

In my capacity as Inclusive Education Coach, I have worked with Heather in planning activities for her students with difficulties in reading. Heather is quick to take suggestions and uses standardized assessment tools as well as her own professional judgement to determine students with specialized needs. She develops Individual Program Plans that are thoughtful and responsive, and does so in a timely fashion.

Towards staff, students and community members, Heather is pleasant, polite and approachable. She maintains a very professional reputation in a small town and is well regarded by her colleagues. Heather participates in many extra-curricular activities and organizes our milk program as well as our after school art club. In addition, she participates in a local folk dance group after hours.

Heather is a self-motivated, enthusiastic, competent and professional teacher. She puts students first every day. She will be greatly missed at EE Oliver Elementary and I hope to work with her again someday.

Sincerely,

Kelly McGovern

Vice Principal and Inclusive Education Coach

EE Oliver Elementary
